Priority: 1 - Supporting a smarter Adriatic Ionian region

Specific objective: RSO1.1. Developing and enhancing research and innovation capacities and the uptake of advanced technologies

Support digital divide reduction by addressing sustainable development, resilience to climate change, as well as addressing wellbeing - including health for the youth and elderly , hospital, and home care - and demographic trends

Target groups comprise, the triple or quadruple innovation helix system capable of innovation-generating processes (industry, university, government, civil society) and interaction aimed at accelerating the transfer of research and innovation results to promote regional growth i.e

Priority: 4 - Supporting the Governance of the Adriatic-Ioni an region

Specific objective: ISO6.6. Other actions to support better cooperation governance (all strands)

Granted actions shall mainly contribute to the implementation of EUSAIR, the Manifesto for Young People by Young People to Shape the European Cooperation Policy, the EU Green Deal, the EU Strategy for the Western Balkans, the Western Balkan agenda on innovation, research, education, culture, **youth** and sport, the EU Enlargement process.

2) Promote exchanges and capacity building, in particular among public administration to support the enlargement process, key EU goals like EU Green Agenda, the EU Strategy for the Western Balkans, the Western Balkan agenda on innovation, research, education, culture, **youth** and sport, the EU Enlargement process, Digital Agenda, as well as other relevant macro-regional topics (e.g.: horizontal topics, technical topics linked to EUSAIR action plan).

Priority: 3 - A more social Danube Region

Specific objective: **RSO4.1**. Enhancing the effectiveness and inclusiveness of labour markets and access to quality employment through developing social infrastructure and promoting social economy

Joint coordination of policies and planning aimed at integrating disadvantaged groups (elderly people, people with disabilities, ethnic minorities, rural people, women, **youth** etc.) to support accessible and inclusive employment in regions that display high proportions of disadvantaged populace;

Priority: 3 - A more social Danube Region

Specific objective: **RSO4.6**. Enhancing the role of culture and sustainable tourism in economic development, social inclusion and social innovation

- *Focus 2*: Improvement of accessibility of cultural and natural heritage for all, amongst others **youth** and vulnerable groups in order to promote social inclusion.

- Improving the accessibility of tourism and culture infrastructure, products and services for vulnerable groups, such as minorities, people with disabilities, the elderly and **youth** in regions with low levels of accessibility and high levels of vulnerable groups. Innovative approaches involving digitization, digitalization, artificial intelligence and the internet of things are encouraged;

- Promoting quality products, services and transnational infrastructure in the tourism and culture sector to support the social inclusion of disadvantaged people via new employment forms and job opportunities. This especially in relation to regions with a high share of ethnic minorities and areas with a large share of population at risk of poverty including the **youth**, elderly or disabled

Priority: 3 - A more social Danube Region

Specific objective: 3.2 Improving equal access to inclusive and quality services in education, training and lifelong learning through developing accessible infrastructure, including by fostering resilience for distance and on-line education and training

Focus 1: Developing innovative educational models, programs, practical tools and materials for disadvantaged learners, including early school leavers

Focus 2: Maximising the use of existing knowledge and experience to develop best practices in inclusive education policy and advancing education and policy reform

Focus 3: Innovative approaches to encourage and improve inclusive vocational education and training and and life long learning

Priority 1 – Supporting a smarter Adriatic and Ionian region

Specific Objective (SO) 1.1 *Strengthening innovation capacities in the Adriatic – Ionian region*

Priority 2 – Supporting a greener and climate resilient Adriatic and Ionian region

SO 2.1. *Enhancing resilience to climate change, natural and man-made disasters in the Adriatic- Ionian region, SO 2.2. Supporting circular economy development in the Adriatic- Ionian region, SO 2.3. Supporting environment preservation and protection in the Adriatic Ionian region, SO 2.4 Supporting sustainable multimodal urban mobility in the Adriatic -Ionian region.*

Priority 3 – Supporting a carbon neutral and better connected Adriatic and Ionian region

SO 3.1 – *Strengthening a carbon neutral smart mobility in the Adriatic- Ionian region*
