Timeline  
2024-2027

## List of reforms

1. Increase domestic revenue mobilisation and the comprehensiveness of the tax system, notably via adopting and implementing the Medium-Term Revenue Strategy (MTRS)
2. Ensure transparency and efficiency of state cadastre services, for investors and citizens and provide clear policy for land usage
3. Increase the attractiveness and transparency of investments, in line with EU practices, improve State-owned Enterprises and State Aid governance
4. Improve the investment attractiveness framework and in particular the FDI framework and business environment by deregulation and modernisation of business services.
5. Deployment of e-freight and Intelligent Transport Systems
6. Promotion of export and internationalisation of enterprises, including the facilitation of exports and trade, and value chain support to selected industries with growth potential.

## Expected impact by 2027\*

- Initial registrations completed in 95% of all cadastral zones.
- The share of exports (goods and services) in GDP increased to 40%.
- The tax administration completes asset register for 10% of all taxpayers.
- 100% of VAT declarations and personal income tax returns are pre-filled.
- PPP/concession law adopted in line with the EU acquis and best practices, and all PPP/concessions fully integrated into the National Project Pipeline.

\* The list is not exhaustive but serves to illustrate the expected impact. For full details, refer to the National Reform Agenda.
