

Struttura Speciale di Monitoraggio dell'Attuazione Regionale del PNRR in Puglia

Mission

To ensure strategic oversight of the effective and timely implementation of the **PNRR** and the **National Complementary Plan (PNC)** projects throughout the Puglia region.

Framework

The Structure is part of the **President's Cabinet**, ensuring:

- ✓ Strategic and cross-cutting value.
- ✓ Coordinated action with Institutions.

Ref. R.C.R. No. 250 of 06/03/2023

Key Functions

Coordination & Monitoring

Manages and coordinates monitoring actions, interfacing with all institutional levels.

Data Collection

Systematically collects progress data from all implementing bodies.

Reporting & Analysis

Prepares periodic reports on project progress using advanced information systems (ReGiS).

Impact Assessment

Analyzes the effects of interventions on development, gender, digital transition, and quality of life.

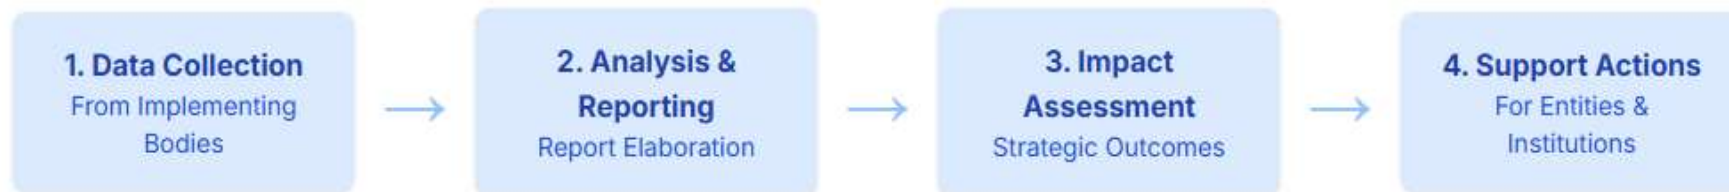

Support for Entities

Provides practical assistance to regional departments and Local Authorities for implementation.

Institutional Relations

Manages relationships with Ministries and European authorities to streamline procedures.

The Monitoring Process

The ReGiS Platform to monitoring PNRR projects

- IT tool for monitoring, reporting, and control obligations
- Three main sections:
 - Measures (reforms and investments)
 - Milestones and Targets (specific objectives)
 - Projects
- Interoperable with other national and payment systems
- Ensures continuous control and data transmission to Europe
