October 2024 – June 2025

Progress per policy area for the period October 2024 – June 2025

Recommendations on the way forward

- Develop and Publish a Clear Assessment and Reporting Guidance
- Facilitate structured and continuous dialogue between government and business stakeholders, such as:
 - Ex-ante consultations: to anticipate implementation challenges and collect stakeholder input prior to reform adoption.
 - Ex-post consultations: to periodically update stakeholders on progress, implementation status, and outcomes.
- Enhance Public Awareness and Citizen & Business Engagement
- Launch targeted information campaigns to increase public understanding and support for reforms.
- Prepare sectoral communication plans outlining objectives, benefits, and expected impacts of each reform.
- Tailor communication strategies to address the specific interests and concerns of different stakeholder groups.
- Empower the RGF Monitoring Committee as a substantial element of RA
- Accelerate Digital Monitoring and Reporting Systems.
